

Tuesday, May 30

Sponsor Host: Terry Danielczak, Babcock and Wilcox Canada

- 7:00 a.m. – Registration
7:00 p.m. Viennese Ballroom Foyer
- 8:00 a.m. Continental Breakfast, sponsored by Hydro Québec
Regent Ballroom
- 9:00 a.m. Pre-meeting Workshop on Safety and Performance
Viennese Ballroom

A strong safety culture is essential for achieving operational excellence. This workshop will discuss some of the tools and best practice approaches used by the nuclear industry to measure and positively influence safety culture.

Moderator:

Helen Spencer, Senior Officer, Performance Improvement, Ontario Power Generation, Canada

Speakers:

Philly Phillips, Organization and Management Senior Specialist, Canadian Nuclear Safety Commission, Canada

Julia Forbes, Training Instructor, Turkey Point, Florida Power and Light, U.S.A.
Consolacio Montalvo, Engineer, Iberdrola Ingenieria y Construccion, Spain

- 10:00 a.m. Refreshment Break, sponsored by Power Workers' Union
Viennese Ballroom Foyer
- 10:30 a.m. Pre-meeting Workshop on Safety and Performance (continued)
Viennese Ballroom
- 12:00 p.m. Pre-Meeting Lunch and Learn: "The 5 W's of the Non Proliferation Treaty", sponsored by Accenture
Regent Ballroom

The goal of WiN is to educate the public about nuclear and radiation technology. In the news, the topic of nuclear is more often about geo-political issues around nuclear weapons rather than nuclear power generation or the benefits of nuclear medicine. Learn the facts about nuclear geo-politics and the Non-Proliferation Treaty (NPT) – the history, the objective and the people who ensure its enforcement.

Keynote Speaker:

Jill Cooley, Director, Division of Concepts and Planning, Department of Safeguards, International Atomic Energy Agency, Austria

2:00 p.m. WiN Global Board Meeting (Board members and invited observers only)
Refreshments sponsored by Newman Hattersley Ltd.
Rosedale Room

2:00 p.m. "Catch Them & Keep Them – What Makes Nuclear Appealing?"
A Pre-Meeting Workshop on Succession Planning and Recruitment
Refreshments sponsored by Power Workers' Union
Viennese Ballroom

To meet future growth potential, the nuclear industry will have to compete to attract the best and brightest by positioning itself as a viable career choice for young women considering careers in engineering, science and the trades. Join a panel of experts to learn about how the industry is investing in education and training infrastructure, and contributing to the development of recommendations around the attraction of young people, especially women, to the nuclear generation sector. The results of recent WiN Canada survey on what makes nuclear an appealing career to women in our industry, and what barriers must be overcome to continue to attract women to a career in nuclear will be presented. Following the presentations, participants will workshop a number of questions to develop concrete strategies to "Catch Them & Keep Them".

Moderator:

Kathy Thede, Human Resources Manager, Bruce Power, Canada

Panelists:

Christina Bandomir, Human Resources Consultant, Bruce Power, Canada

Debra Carey, Staff Officer, Power Workers' Union, Canada

***Maria Faury, Head of department, Experimental Studies and Research on Accidents
Department, Institut de Radioprotection et de Sûreté Nucléaire, France***

***Catherine Monzel, Head, Recruitment and Staff Development, Division of
Personnel, International Atomic Energy Agency, Austria***

Petra Kuret, Partner, Accenture, Canada

Tracy Edwards, Technical Engineer/Officer, Bruce Power, Canada

6:00 p.m. Opening Reception: A Canadian Welcome, co-sponsored by World
Nuclear Association and Nuclear Energy Institute
Regent Ballroom

Network with peers and meet old friends at our opening reception. The WiN-2006 Meeting Organizing Committee is extending a special invitation to all delegates and guests to participate in this social event.
