Sharpen your competitive advantage and take strategic industry information back to your organization on these important issues:

- Becoming a better communicator and leader by understanding women's and men's different communication rituals and styles in the workplace;
- Leveraging and embracing gender differences to achieve business goals;
- Creating a gender-balanced environment where the nuclear industry can attract and retain the best and brightest employees.

This lunch & learn is made possible thanks to the generous support and assistance of the Canadian Nuclear Society, the Women in Nuclear Branches at Bruce Power and Ontario Power Generation, and by Babcock & Wilcox Canada.

A complimentary lunch will be provided.

This event is open to all interested participants, but space is limited. Pre-registration is required.

RSVP to Denise Rouben, CNS Office Manager (tel) 416-977-7620 or (email) cns-snc@on.aibn.com
