- **NUSIM conference**  
between CR,SR and Germany in March
- **The WIN SLOVAKIA Annual meeting**  
in October with WIN Slovakia Awards
- **Periodical activities**  
( Power days, Days of Open Doors,... )
- **The WIN Slovakia Conference**  
in October

## The WIN Slovakia Conference

### Generally

Organised every 2 years

Usually after WIN annual meeting

WIN members present their professional life

**Since 2000 with a very good performance of our members**

### The main aim :

To introduce the experts from women in Slovakia

To show their attitude to nuclear application

To make the database of skills and experience of our members for other possible activities , for instance to attend on conference, to organise seminars, discussions with public, ...

### The last Conference in October :

Session I.: The radiation protection, The Application of Radiation in medicine

Session II. : The Operation of NPP

Together : 12 Presentations – 2 from CR and Russia

# About our achievement –WIN Slovakia
