3. Expand networking
4. Build cultural appreciation

Sustain world-wide Nuclear Safety

1. We are hostages of each other:
 - Events at any station affects all stations
 - Peer Review Strengths drive standards at all stations
 - Public perception is affected by global station performance

2. WANO participants drive standards and shape industry performance.

Exchange Station Information

1. Team to station communications:
 - Areas for Improvement
 - Peer Review Strengths
 - WANO's Web Page posts results.

2. Peer to Peer communications with the team and station personnel:
 - Ideas are informally shared.
 - Good Practices and results are exchanged.

Expand Networking

1. Industry network expansion:
 - WANO Peer participation provides future station contact opportunities.

2. Peer network expansion:
 - Relationships with station and team personnel are formed for future interaction.
 - Personal influence may exceed the realm of your immediate contacts.

Build Cultural Appreciation

Cultural appreciation will help us shape the world

- Communicate diplomatically and credibly to persuade the station to take action and affect win-win outcomes.
- Consider the country's customs.
- Enjoy the country's foods.
- Communicate using the country's language.
- Show interest in the country's history.
- Have fun! SMILE it's universal.
- Be a positive ambassador for your country.

Let's be world leaders and support WANO Peer Reviews
